Safety Management System

Travel Aware

The Foreign, Commonwealth & Development Office and the NHS have up-to-date advice on staying safe and healthy abroad. For more on security, local laws, plus passport and visa information, see Travel Aware – staying safe and healthy abroad

We assess each component of a sports tour individually, which includes going beyond assessing the adventure factor to ensure risks can be managed effectively. In doing so, we look at how we can enhance the original experience whilst remaining as safe as possible. Covering policy, organisation, planning and setting standards, monitoring, audits, and reviews, our SMS is fully compliant with the requirements of the STF.

This is reinforced by our annual assessment carried out by an STF appointed independent authority. To support our own SMS we also carry out internal regular reviews of our health and safety procedures.

About Me

After graduating from the University of Surrey with my Sport & Exercise Science degree, I joined the MasterClass team. I have always had a passion for travel and am a keen sports person so combining the two for my career just made sense!

Launch your tour to students/parents and you may wish to hold a virtual information evening, which we are more than happy to run for you. All our staff are very experienced presenters and will be able to get the best possible numbers for the tour.

4. Gather Your Booking Deposits

It's best to do this as early as possible to avoid disappointment with hotel availability, flight allocations, and to get the best fixtures possible. It also helps us run a really smooth tour for you.
